

Building Up

MATURITY PART 2

READ: EPHESIANS 4:12-13

Your gifts are not how you become mature. You become mature when you allow other gifts to equip you for the work of service.

We often think that our gifting is the main thing that we will be held accountable for, however the truth is, we will be held accountable for all the things that God asks us to do and many of these will require us to learn & receive off other peoples' giftings.

Your gift of teaching would benefit from you being mentored by someone who has the gift of mercy. Your gift of leadership would improve if you humbly learnt from someone with the gift of encouragement. The gifts are for all of us to be **BUILT UP** so we can do what God has asked us to do.

QUESTIONS FOR THE GROUP

If you have done a spiritual gifts test, what spiritual gifts did you score the lowest in? Who is someone you can learn from that scored high in this spiritual gift?

QUESTIONS TO ASK EACH OTHER

Here are some questions to ask to receive from the spiritual gifts on other peoples' lives: Why are you passionate about this gift? What do you hope that people with other spiritual gifts would understand about you? How can I improve my gift with the strength of your gift?
