

THE COMPASS OF THE CROSS

SCRIPTURE TO READ

Corinthians 1:18, Luke 14:27 & Mark 8:24

A compass has a small magnetic pin suspended within the casing that allows the needle to spin freely, responding to our planet's magnetism. This needle aligns itself, pointing North toward the top of the Earth's magnetic field. Like no other tool, the compass gives explorers a consistent sense of direction.

Just as a compass directs us physically, so the cross directs us spiritually, guiding us through this life with great Kingdom purpose!

QUESTION FOR THE GROUP

What does the cross mean to you?

When we see through the lense of the cross, it causes us to see clearly with a Kingdom perspective. When using the cross as a compass to our lives, we have a light in the darkness, a guide in the storm, and it is a measure of the heart.

QUESTIONS FOR THE GROUP

How can we best take up our cross and follow Jesus?

How can we best live our lives directed through the compass of the cross?

PRAYER APPLICATION

Take time to thank God for the power of the cross and the impact it has in and through our lives.
