

The Turn Around.

Ps Benaiah Halliday

Throughout life we encounter many different seasons. Some seasons are easier, and some seasons are harder, but through it all, God is in control. He has given us a great key to help us remember this: the key of thanksgiving.

Thanksgiving causes us to remember who God is in our lives. It reminds us that He is on the throne and that no matter what the circumstance, He is faithful.

**Colossians 3:17, 1 Timothy 5:17,
1 Thessalonians 5:16-18, Luke 17:11-19**

Thankfulness takes what the enemy meant for evil and places it in the hands of God who works all things for good. It literally turns around how we view a situation. Instead of looking from a place of defeat, thanksgiving causes us to view the circumstance from a place of victory! A thankful life is a victorious life. Philippians 4:6-7 shows us an example of this. Instead of trials being negative, they become positive, “with thanksgiving”, opening the door for His peace in our lives!
